# THE COMPONENTS

The components are the small things that set our doors apart from the competition. A lot of small things add up to a big difference.

**A** Your home is unique and deserves to have **custom glass options** like our ComforTech™ Warm Edge Glazing Systems which include decorative glass, art glass, internal blinds and internal and external grids in many grid patterns and colors.

 Impact Shield doors feature laminated glass.

**B** Our **2½" casing** conveniently covers paint lines providing a professional installation. **Also available in 3½"**. Choose from Cherry, Mahogany, Oak and Poplar. Flat Fir and Poplar trim are available in paint, stain and glazed finishes.

**C** Glass trim is available in different textures and styles to best complement each door with glass. Trim options will be determined based on the door style chosen. All glass trim falls into one of two main categories: Flat and Contoured.

**Castle** TAKES PRIDE IN  
 DELIVERING ENTRY SYSTEMS OF  
 TOP QUALITY CONSTRUCTION,  
 MADE WITH THE FINEST  
 MATERIALS AND BACKED BY  
 OUR LIFETIME TRANSFERABLE  
 WARRANTY.

**D** The **Z-AC™ threshold** has an auto-adjusting riser and built-in sealing system that redefines how your door can perform for you. Standard on Embarq, Signet and Legacy.

- **Automatically adjusts** to your entry door's changing needs over time, eliminating service calls
- Delivers **protection** against air and water infiltration

**E** Three **heavy-duty ball bearing hinges** come standard with every entry system.

**Additional 4th hinge option** for greater durability. (only available with FrameSaver®)

*A 4th hinge is standard on 8 ft. doors.*

**H** The **dust box** in the deadbolt strike provides a barrier to air infiltration while providing a nice appearance that most other door manufacturers don't provide.

**F** The energy-efficient **weatherstripping** runs along the top and sides of the door and interlocks with the CornerShield™ for the most efficient seal you'll find for keeping moisture, wind and dirt out of your home.

**H** An exclusively designed **fully adjustable strike plate** is included. This unique 2-piece construction makes our doors easier to custom fit.

**G** We include our **20-gauge security plate** for extra strength and to help prevent kick-ins.

**I** **Bulb and dual blade sweep** virtually eliminates drafts, keeping your home comfortable.

# COMFORTECH™

Measurably improve thermal performance with the ComforTech™ Warm Edge Glazing System. You'll enjoy better energy efficiency and a warmer glass edge.

## COMFORTECH ADVANTAGES

The NO-Metal Advantage

Mylar 10-Layer Vapor Barrier

Withstands Normal Bowing

Enhanced Noise Reduction

**Super Spacer®**  
Reverse dual seal technology

## COMFORTECH WARM EDGE GLAZING SYSTEM IS INCLUDED IN ALL:

- Decorative Glass
- Privacy Glass
- Clear Glass
- Grids (Internal, External and SDL)

## GLAZING SYSTEM OPTIONS

### ComforTech **TLA**

●●●●●●○○○  
R-Value of 7

### ComforTech **DLA**

●●●●○○○○○○○  
R-Value of 4

R-Value reflects properties of the glass only. Center of glass calculations are based upon software from Lawrence Berkeley National Laboratory.

# STEEL ADVANTAGES

Most of our Entry Systems are ENERGY STAR® Certified

Composite top endcaps increase rigidity and energy efficiency.

**Special adhesives/thermal barrier** reduce heat and cold transfer, while our exclusive tab and slot system of **mechanical interlocks** gives the door exceptional structural strength.

ProVia® doors are **foam filled by a computer driven process** that ensures the optimal foam fill for maximum energy efficiency and strength.

The edges and face skin of our steel doors are **one continuous piece of steel** for strength and durability.

To reinforce the lock and deadbolt area, we add a **rigid composite lock block** to all of our steel doors.

**Plugless Glass Trim** is optional on Legacy Steel. (see entryLINK for available styles)  
U.S. Patent: 9,562,389  
U.S. Patent: 9,976,338

Our 20-gauge steel doors give you **49% more galvanized steel** than a standard 24-gauge door.

Composite bottom endcaps increase rigidity and energy efficiency.

**Z-AC Threshold with auto-adjusting riser.** Standard with aluminum mill finish.

# FIBERGLASS ADVANTAGES

Most of our Entry Systems are ENERGY STAR® Certified

**Polyurethane core** reduces energy loss.

**Improved definition panel profile** creates excellent shadow lines and distinct panel designs.

**Specially engineered fiberglass door facings** will not dent and resist splitting, cracking and warping.

**Plugless Glass Trim** is optional on Heritage Fiberglass. (see entryLINK for available styles)  
U.S. Patent: 9,562,389  
U.S. Patent: 9,976,338

**Z-AC Threshold with auto-adjusting riser.** Standard with anodized bronze finish.

**1 1/2" Finger-jointed, 2-ply solid oak laminated stiles** for both hinge and strike sides are proven to provide increased rigidity and structural integrity.

**Variable-depth woodgrain texture with hand-applied stain** imitates a wood door appearance.

**Square-edge design** offers an attractive wood door appearance.

**Lock area is reinforced** to provide a solid mounting surface for decorative hardware.

**A high-performance, composite material** is used on all Heritage fiberglass bottom rails, giving excellent rot-resistance.

# STAIN FINISHES

## LEGACY TEXTURED STEEL

### 6-STEP STAIN FINISHING SYSTEM

1. Steel doors are **A40 Hot-dipped Galvannealed** (300% more coating thickness than 40Z full electrolytic zinc coated steel) to resist rust inside and out
2. A 2-part urethane, catalyst-hardened **BASE COAT** (prime paint) is applied by a robotic reciprocating paint system
3. Base coat is **OVEN-CURED** for lasting durability
4. **HAND-APPLIED STAIN FINISH** is added for enhanced beauty
5. A layer of 2-part urethane, catalyst-hardened **CLEAR COAT WITH UV INHIBITORS** is applied
6. The door is **OVEN-CURED** a second time, creating a long-lasting, durable finish

## HERITAGE TEXTURED FIBERGLASS

### 5-STEP STAIN FINISHING SYSTEM

1. A 2-part urethane, catalyst-hardened **BASE COAT** (prime paint) is applied by a robotic reciprocating paint system
2. Base coat is **OVEN-CURED** for lasting durability
3. **HAND-APPLIED STAIN FINISH** is added for enhanced beauty
4. A layer of 2-part urethane, catalyst-hardened **CLEAR COAT WITH UV INHIBITORS** is applied
5. The door is **OVEN-CURED** a second time, creating a long-lasting, durable finish

# FRENCH DOORS

French doors make an elegant statement like nothing else. Express your personality by creating a simple yet striking entry. Make it as ornate and beautiful as you like.

**ANY ENTRY DOOR CAN BE ORDERED AS A FRENCH DOOR.**

## FRENCH DOOR DETAILS

- All door styles are available as a French Door
- Available with FrameSaver® or Steel L-Frame
- Hinged on each end with door knobs in the center
- Available with either left or right active door (main entryway)
- Center astragal is attached to the inactive door and includes top and bottom slide bolts (used to open inactive door)
- Available as inswing or outswing
- Header security plate standard on frame
- Hardware Installation: locksets, deadbolts and kickplates will be installed on active and inactive doors, all other hardware on active door only

**ASTRAGAL DETAILS** The French Door Astragal provides functionality and security

Astragal secures inactive door at top and bottom of your french door system

Lockable throw bolts improve security

Astragal bolt penetrates threshold allowing boot to seal, creating a better barrier against the elements

Astragal is stained to match Signet Fiberglass stained doors.

Main operating side = 40"

## UNEQUAL FRENCH DOORS

Unequal french doors allow you to use the larger entry door day-to-day, yet have the option to open the smaller, inactive door to gain full access.

Available in smooth steel only.  
Internal blind sizes are limited.

# SCHLAGE® ELECTRONIC HARDWARE

No more hiding keys under the doormat. No more losing, forgetting, or making extras keys time and time again. Step up to a more secure and flexible solution with Schlage electronic security products. You're free to add, change or delete user codes in just seconds—and to come and go as you please.

## SCHLAGE ENCODE PLUS™ SMART WIFI DEADBOLT

*Smart. Simple. Secure.*

Schlage's next generation smart lock offers consumers unparalleled flexibility with new smart home capabilities that provide even greater convenience and security for home access control.

- Offers iOS and Android compatibility
- Remotely (un)lock, check status, manage 100 pin codes (24/7, schedules, temporary), receive notifications, see lock history
- Voice control with Alexa or Google Assistant

- First major North American lock brand to support new home keys for iPhone and Apple Watch feature (coming with iOS 15 release, no Apple hub required to use home keys)
- HomeKit experience: (Un)Lock from phone/watch app, status, 24/7 pin codes\*, Siri voice control, notifications
- Remote connectivity and automations through HomeKit require an Apple home hub

# WHITE INTERNAL BLINDS

Internal blinds are a convenient option for blocking harsh sunlight and increasing privacy on entry doors and patio doors.

Constructed with sturdy aluminum and enclosed in tempered safety glass, the blinds are protected from weathering, damage, dust and they are not a hindrance to cleaning your glass.

Ergonomically placed single Easy Glide Operator with 33% better ease of operation allowing lowering and tilting the entire length of doorglass with the slightest movement.

Full Tilt Closure (top to bottom) allows the blinds to tilt completely closed keeping unwanted light out

## AVAILABLE DOOR STYLES

Available with clear glass and internal grids.

## FEATURES

- Ergo Track on glass
- Eliminated Slat/Privacy Channel Gap
- U-Privacy Channels (side, top & bottom) eliminate light gaps, shadows and sunlight glare
- Full Tilt Closure (top to bottom) allows the blinds to tilt completely closed keeping unwanted light out
- 7.0 meets Energy Star requirements with double pane glass and internal grids
- TLA (triple pane) not available

# COLORED INTERNAL BLINDS

Internal blinds are available in several neutral hues to complement any room in the house. Easy to clean; no more dusting of blinds. Internal blinds are suitable for entry doors and patio doors. Offering a 10-Year Warranty. Blinds can be opened or closed using the fingertip adjustment slides so you can easily control light and privacy. They are enclosed in tempered safety glass for more energy efficiency.

# PET OPTIONS

## RANGER® PET DOOR

Engineered from the best raw materials for a rugged, long-lasting door.

- **Cellular PVC Frame** – Strong, weatherproof, and mold-resistant, and 3,000X more insulating than metal frames.
- **Rugged Flap System** – The insulated flap system is made from premium materials for maximum energy-efficiency, pet safety, and durability. The flap has an insulating SBR rubber core, protected with marine-grade canvas on each side.
- **Locking Security Panel** – All door-mounted RANGER dog doors include a locking security panel.
- **DoubleMag™ Technology** for an airtight seal that keeps extreme weather outside.

### COLORS

- Clear flap with white interior/exterior frame and a white locking panel on the interior.
- Grey flap with black interior/exterior frame and a black locking panel on the interior.

See [entryLink](#) for details

**Medium:** 9" x 13" opening for pets up to 40 lbs.

**Large:** 11" x 17" opening for pets up to 100 lbs.

**X-Large:** 16" x 23" opening for pets up to 220 lbs.

White Locking Security Panel as viewed from interior of your home.

## FREEDOM® PET DOOR

- Solid aluminum construction with locking panel
- Soft single flap for tight weather seal
- Antique White mitered aluminum frame
- Also available on storm doors.

**Medium:** 8¼" x 12¼" opening for pets up to 40 lbs.

**Large:** 10¼" x 16¼" opening for pets up to 100 lbs.

**X-Large:** 13¾" x 23¾" opening for pets up to 220 lbs.

Factory Installed - Available on Flush Doors Only

# KNOTTY ALDER DOOR OPTIONS

The Hinge Straps, Clavos and Speakeasy are options that can give your entryway an old world look. Combine these options with our Signet® Knotty Alder Series to achieve a rustic or antique style. Hinge Straps, Clavos and Speakeasy are constructed of durable flat black aluminum.

The Speakeasy, Hinge Straps and Clavos are new options that can give your entryway an old world look. Speakeasy, Hinge Straps and Clavos are constructed of durable flat black aluminum.

# HINGED PATIO DOORS

---

Hinged Patio Doors are swinging patio door systems available in 2 or 3-lite units and constructed of the same solid quality Heritage™ Fiberglass, and Legacy™ Woodgrain Textured or Smooth Steel doors as our entry door units.

460 Style Smooth Legacy Steel Hinged Patio Door painted Rustic Bronze featuring White Internal Blinds and a Black Schlage Encode Plus™ Electronic Deadbolt.

## PATIO DOOR STANDARD FEATURES

A **keyed Schlage® Flair handleset with a Maximum Security Thumbturn deadbolt** is included. Choose from Bright Brass, Antique Brass, Satin Nickel or Black finish.

The lock area is reinforced with a **20-gauge steel security plate** for added strength.

**Spring-loaded latch system** automatically engages upon closing. Latch also includes interior locking feature. **BetterVue® fiberglass screen mesh** is standard. Heavy-duty fiberglass, aluminum or SeeVue® stainless steel screen is optional.

Suspended by ball bearing rollers this **top-hung heavy-duty aluminum screen frame** reduces binding, creating effortless operation. Screen frames are available in all standard paint colors.

**Z-AC™ Threshold** with an auto-adjusting riser. Available in Mill or Anodized Bronze Finish.

## OPTIONS

**Custom Widths and Heights** - Need a little more height or a little less width? We are pleased to offer customized patio door widths and heights in 1/8" increments.

**Door Swing** - (Doors viewed from above. Inswing only.)

**Finishes** - Patio doors are available in all finishes shown on pages 37-42.

\* Optional Aluminum Frame Cladding will increase brickmold to brickmold width by 1/4" and height by 1/8". Not all sizes available in all door types.

## DOOR SWING

# HINGED PATIO DOORS

5' OR 6' (2 PANEL) OR 8' OR 9' (3 PANEL)

## FEATURES:

- One side stationary, the operating side swings in (must be in contract)
- 20-Gauge steel
- New exterior brickmold with capping
- Low-E / Argon gas
- Tempered glass
- Outside sliding screen - top hung heavy-duty
- Screen frame available in all paint colors
- Flair handleset inside and out with key lock
- Maximum security thumbturn deadbolt
- New heavy-duty extruded sill
- Hot-dipped galvanized steel
- Choice of interior/exterior colors or woodgrain
- Same quality features as our entry door

## ADD-ONS

- Internal Blinds (only available in white)
- Doors in Textured/Woodgrain
- Doors in Heritage Woodgrain Fiberglass - **2000 per panel**

## GRID OPTIONS (NO CHARGE)

- External painted non-removable grid for that true French Door look
- Internal grids

NOTE: Painted Internal Grids must be the same color inside and out.

# HINGED PATIO DOOR SYSTEM IN 440 STYLE 3/4 GLASS

5' OR 6' (2 PANEL) OR 8' OR 9' (3 PANEL)

\*No external grids.

# STORM DOORS

Smooth function is essential. That's why we include a **quality door closer** in every storm door package. Varies by model.

Our air release system features a continuous closing action without the delayed rebound action of previous generation closers.

**Extruded aluminum frame** adds beauty to your door by virtue of the rounded cove molding along the glass edge of the extrusion.

You'll appreciate the finished look of our **color matched aluminum installation screw covers**.

**Durable, oven-baked polyester finishes** are backed by a Lifetime Warranty for lasting beauty and low maintenance.

All our storm doors are constructed with **tempered safety glass**.

Non-operable sashes are secured by our **color matched polycarbonate clips** or an **internal sash lock system**. Varies by model.

Each door features **quality hardware** that adds beauty and functionality to your new storm door. Varies by model.

**Corrosion-proof corner gussets** enhance the structural integrity of the door.

Our **bottom expander with sweep** allows for a beautiful custom-fit to any entry. Varies by model.

Every storm door is individually customized to the highest standards in the residential market for homeowners who appreciate impeccable, uncompromising quality.

## PAINT FINISHING SYSTEM

Our paint process is computer controlled, ensuring professional quality every time. Paint is electrostatically applied with a vertical hydraulic reciprocator using a turbo disc that atomizes the paint particles for better coverage of contoured extrusions.

# SIMULATED DIVIDED PANELS

For a stylish and modern look, Simulated Divided Panel fiberglass doors feature wider SDL's (3" and 5" options) applied to the surface of glass on 460 style Fir doors. They may also be applied directly on the skin of a Fir 001 style door. Numerous configurations and endless paint, glaze or stain colors allow you to create a door design that is contemporary, sophisticated and on-trend.

Available in Signet® Fir with Clear glass or Privacy glass.  
 Simulated Divided Panel designs cannot be customized.

460-M3 Signet Fir Fiberglass entry door stained Truffle with Chinchilla privacy glass and a Satin Nickel Emtek™ Mortise Adelaide Handle
